

"I have been at CIC since I was 6. Today, as a graduating senior, I have amazing university acceptances in three different countries."

-Paula Naharros
Class of 2018.
Nicaragua

Change is in the air at CIC!

This is a great time to reconsider CIC! With a renewed commitment to the future, a newly published strategic plan, and changes to the physical campus, our future is looking bright. As we at CIC prepare for our US-based school accreditation next year – as well as a stable enrollment - we are happy to report that we have big plans!

Please stop by for a visit. You will see a new Design Center and Robotics Lab under construction. You will observe a new commitment to stronger academics – especially in English and Mathematics. And you can enjoy the green campus and peaceful student culture that has been a hallmark of CIC for many years.

CIC is moving forward so it's a great time for you to re-connect with us. Let us buy you a coffee and share our plans for next school year and beyond with you. As you know, we are always happy to meet with parents and alumni directly, and Diana Mederos is available to share academic and financial opportunities for next year. She can be reached by phone at 041 4.320.5577 and by email at mederosd@cicaracas.com.ve

Thanks again for considering a visit, and we look forward to talking with you soon.

Dr. Brian Horvath, Principal
